

SHINGLE RECYCLING

Commercial Requirements

BUSINESS, CONDOS, APARTMENTS & FOUR-PLEX

Shingles from commercial buildings (anything over a four-plex) are required to have **asbestos testing** prior to recycling.

TEST A CORE SAMPLE

Iowa Environmental Services can test a core sample from the roof for \$25.
Call 515.279.8042 and ask for Jeff or Rich.

SEND RESULTS

Once results are received, fax or email them to:

Jody Rhone Public Works Operations Superintendent
FAX: 641-792-0670
Email: jodyr@newtongov.org

REVIEW GUIDELINES

Review the recycling guidelines with your staff to understand what qualifies for the discount. As you demolish the roof, put a tarp down to sort metal, wood and trash. Place these over the shingles, tarp the load and transport to the landfill.

FILL OUT CERTIFICATION FORM AHEAD OF TIME

To assist your drivers, fill out the certification form ahead of time. You only need to provide company name, address, phone and contact name, along with residential address of project. Call 641-792-3866 or visit www.newtongov.org to download a form.
